Mrs. M. A. Saylor, of Orland, was a guest of her frtend, Mrs. Hattie Baugh, last week.

Mrs. R. E. Dunphy and Miss Harriet were guests of old-time friends in Burlingame this week.

It seems natural to meet Mrs. Jas. Kelley in the bakery again, where she has taken a position with R. Engel.

A. F. Frese moved his household to his new home on Hamilton avenue Saturday, and C. W. Toles moved into his home the same day.

William Nelson has sold his 40-acre ranch on Union avenue to Mrs. M. L. Sickers. Mr. Nelson will move to Sutter county in the near future.

Mrs. Grace Langley Fish was a week-end guest in the Whitman home last week, greeting other old friends, of whom she has many in this vicinity.

Mr. and Mrs. Emory Poston have moved to their new home on Willow St., San Jose, where they will be pleased to greet their old Campbell friends.

D. M. Stanley, of Terra Bella, has sold, thru B. O. Curry's realty office, the store building at the corner of S. P. and Campbell avenues, to Mr. and Mrs. A. C. Jacquot.

Mr. and Mrs. D. R. Oliver spent part of the holiday season at the E. A. Barker home. Mr. Oliver reported everything fine at Merced, but that the whole valley was in serious need of rain.

Mrs. G. E. Atkinson and Mr. and Mrs. Kay, of Spokane, were dinner guests at the R. E. Dunphy home Monday evening. Mr. Kay's family and Mr. Dunphy were old-time friends back in Wisconsin.

Ernest Conant, genial and jovial guardian of the strong box of Santa Clara county, is always ready with a pat response. When asked by a friend how he was being treated these days, casually remarked, "Not very often."

Plant No. 1 of the Prune and Apricot Association, of Campbell, is almost empty of fruit, and Manager Davidson expects to have everything shipped by the 15th. This one plant alone has handled over 3300 tons of fruit this season.

The ladies who have been appointed to represent Santa Clara county on the state Republican committee during the coming campaign, are: Mrs. Chas. Wayland, Mrs. Alex. Sheriffs and Mrs. Chas. J. Parkinson, of San Jose; Mrs. J. O. Hayes, of Edenvale, and Mrs. A. E. Osburn, of Santa Clara.

The following apportionments were made to the school districts of this community for December: Cambrian, $1574, F. E. Duncan, clerk; Campbell, $2675.-60, T. A. Robinson, clerk; Campbell Union High, $7192. 24, R. G. Archibald, clerk; Hamilton, $1310, F. H. Cutting, clerk; Moreland, $1096, Mrs. J. G. Andersen, clerk; San Tomas, $590.30, H. E. Brandenburg, clerk.

C. Erwin Righter, the king-bolt of Stanford's football team this season, returned home from his northern trip last Sunday. The team of Stanford and California men won four games while in Canada, and were scored on but once. This is the first California rugby team that has ever played the up-coast teams without defeat in one or more games. Our big boy, Erwin, graduates this year, and has made a great record for himself during his athletic career.

A Pleasant At Home

Miss Mary Rodeck was at home to a party of her friends Friday evening. Among those present were: the Chas. Berry family; Mrs. Hattie Baugh, and family; Mrs. S. L. Hayes, Mrs. Saylor, Misses Vandine Putnam, Ruth Hayes and Mary Conway, and Messrs. Louis Johnson, Bert Campbell and Clinton Crow.

An enjoyable time was passed in social conversation and readings by Miss Putnam.

Light refreshments were served at a late hour as a finale.

Most Successful Pageant

The best performance of the season was the Sunday evening pageant at the Congregational church. This was given under the auspices of the Missionary society, supervised by a committee composed of Mrs. Ellen R. Smith, Mrs. Helen Dodge and Mrs. Theo. Cutting, to whom a great deal of credit is due for the success of the event.

The representatives of the various countries and peoples were in costume, making the whole display very pretty and most effective.

The prologue was recited by Miss Catherine Cooper, followed by a long procession, each character arriving as announced and summoned by the trumpeters, Erwin Henry, Windsor Cutting, John Duncan and Lucius Buck.

The representatives and characters were:

Gordon Smith—Spirit of Brotherhood.
Dorothy Merriman—Liberty.
Miriam Pascall—Justice.
Ethel Enemark—Egypt.
Frank Mendel—Babylonia.
Muriel Ellison—Greece.
Charles Hancock—Rome.
Mrs. Winnie Burke—America.

Community Nurse Engaged

An interesting meeting of the Home and School Club was held Tuesday afternoon. The treasurer's report showed that the screen for the moving picture machine had been paid for, and $95.19 paid on the purchase price of the machine, which is $189.50.

Mrs. W. I. Merrill reported for the Community Christmas committee that $2 was donated toward the expenses, that lumber for the tree foundation was given and other bills contracted at different stores were marked "paid", and all labor was volunteered. For all of which the club extends its thanks, as the only item of expense was the popcorn balls.

Mrs. I. P. Beal, the president, who has spent a great deal of time and effort in the matter, reported that sufficient pledges have been made to justify the engagement of a community nurse for a period of four months.

The trustees of the Methodist church have offered the temporary use of the pastor's study in their church for the nurse's headquarters, and others interested have promised most of the necessary furnishings.

In the absence of Mrs. Grace Philbrick, of San Jose Public Health service, one of her nurses read the report of the Child Welfare Day held at the Campbell Grammar school before the holidays. The summary of the findings of the examining physicians was very interesting, but not available for publication at this time.

With the establishment of a health center and visiting nurse, these child welfare days will be continued, and parents of school children who are willing, may have the benefit of these examinations for their children.

The nurse, Mrs. Strange, will spend two days each week in this district—Monday and Wednesday mornings and all of Friday. For the present, calls may be left with Mrs. W. I. Merrill, or at the Press office. As pledges toward the salary are for varying lengths of time, do not feel that any amount that *you* can give will not be needed. Any amount, from 25 cents a month up, will be welcome. These pledges, not money, at present may be sent in to the school, the president or to Mrs. H. C. Smith.

The right idea should be that this enterprise is a universal one, in which the whole district shares, and not the responsibility of a small portion. "An ounce of prevention is worth a pound of cure," you know.

During the social hour, Irene Preston played a piano number, and a refreshment committee served cocoa and sandwiches.

Canned Corn from Iowa and Maine

"Silver Leaf" and "Director's Best" are brands of Iowa corn. Altho these brands are, of those we carry in stock, the lowest in price, that does not mean that they are low in quality. The sweet corn of Iowa is a hardy, prolific variety, especially adapted to the climate of that state. "Silver Leaf" and "Director's Best" are packed from Iowa's choicest production—corn that is something of which the Middle West is justly proud.

"Paris" and "Alice Rose" brands of Maine corn are packed by the well-known firms of Burnham & Morrill and Fernald, Keene & True. Just as Iowa has corn particularly well adapted to her farming conditions, so Maine has a corn peculiarly her own. The characteristics of the corn of Maine are a grain small and juicy, of a melting tenderness, and of a marked natural sweetness. The firm names of Burnham & Morrill and Fernald, Keene & True have long stood for the best in New England canned products of many kinds, and are guarantees of the merits of the brands "Paris" and "Alice Rose."

WHAT A YOUNG MAN KNOWS

"Presumably every young man knows, as a physical fact, that he can do nothing next year which he cannot in some degree, do today. * * * The important question is whether the time will come early enough in life to do him any particular good. A lazy man cannot possibly make himself industrious in the future; or an extravagant man, economical. If it is done at all he must do it at an immediate present moment—at some 'right now'! No man ever saved a penny in the future, or ever will. He has got to save the penny in his hand at the moment or he will be broke to the day of his death. * * * To save the penny in hand he must resist the temptation to spend it. * * * Every year that he does not resist weakens his ability to resist. It is within the knowledge of everybody who has the ordinary circle of acquaintances that, after a certain time, the man who lives up to the limit of his income—which about nine times out of ten means a little beyond—accepts that as a normal condition and just automatically spends all that he gets. * * * If he can realize by thirty, or sooner, that he is spending his future every day, it will be a good thing for him."—Editorial from the Saturday Evening Post.

S. F. BEGINS YEAR BY BASKING IN SUN

While Rest of Nation Shivers, Citizens Here Take Usual Dip in Ocean

San Francisco.—This city basked under the warm rays of the sun New Years day, while all other towns in the state save one where weather reports were filed, had cloudy weather and while the East shivered in freezing temperature, with the thermometer below zero in many places. Red Bluff was the only other town in the state where the sun shone enough to mark the day "clear."

The official San Francisco thermometer registered 41 degrees at 5 P. M., while the highest point it reached was 44. While San Franciscans visited their parks, promenaded and even took their dips in the ocean, Winnepeg citizens were hugging their steam-heating plants with the temperature at 23 degrees below zero, Duluth registered 16 below, Minneapolis 6 below, Chicago 6 above, Des Moines 10 above, Pittsburg 18, St. Louis 22, Denver 36, Washington, D. C., 36, New York 34, Memphis 30. Snow flurries greeted Chicagoans on their New Year day.

All of California told a different story through its thermometers. The coldest temperature recorded was at Sacramento where it was 36 at 5 P. M. Fresno registered 40 degrees, Eureka 46, San Jose 44, Los Angeles 58 and San Diego 60, with all readings taken at 5 P. M., and with all showing a slightly higher maximum at some time during the day with few exceptions.

The entire Pacific Coast was free of rain and snow, although amateur weather prophets freely predicted snow at the summit or on Tamalpais. Tamalpais was clear all day with the thermometer registering 42 at 5 P. M., and the lowest reading being only 30 degrees. The worst that can be said of Tamalpais was frost at the top, Wednesday night, which, even with the thermometer at 30 covered vegetation, wires and buildings with a coat of ice.

At the summit there is now thirty-seven inches of snow but not a flake fell New Year's day and the wind was in the north all day. The weather was clear.

After looking over his 5 o'clock reports District Forecaster E. A. Beals unhesitatingly put down "fair" as the forecast for today.

Those who predicted severe storms and eathquakes during December, like many another amateur weather prophet, went wrong, for the records show December, 1919, along the entire Pacific Coast was freer of storms than the average December, although several blows that might be called storms were recorded, but nothing like the cataclysmic eruptions of nature predicted.

MARINES TO CONTINUE THEIR WAR TIME POLICY

That the war time policy of obtaining officers for the United States Marine Corps from the ranks be continued, is the recommendation made by Secretary of the Navy Daniels, according to a report received at the Marine Corps recruiting office, 320 Market street, San Francisco, Cal.

The secretary points to the work of officers commissioned from the ranks during the war, as his reason for making this recommendation. He also recommends that additional officers be commissioned for the Marine Corps aviation branch, and that special aviation grades be created for enlisted men.

A permanent Marine Corps of 27,467 officers and men, or 20 per cent of the naval strength, is also recommended, as well as the creation of chief warrant rank for marines.

The achievements of the corps in the war are reviewed and their many peace time activities in all parts of the world are pointed out as sufficient reason for increasing the permanent strength. Attention is also called to the new marksmanship records made by marines and to the fact that marines won 27 of the 34 matches shot recently at the National Rifle Association tournament. The report received at the recruiting office is a portion of the secretary's report on the condition of the entire naval establishment.

San Jose.—Friday and Saturday, February 6 and 7, have been set as the dates for the first annual convention of the California Typothetae, according to an announcement here by Charles A. Nace, vice-president of the organization, who, assisted by a Chamber of Commerce committee, is planning to entertain several hundred visitors. "Trade at Home" will be the chief slogan of the job printers at the convention.

THREE BILLIONS REQUIRED---ELLIOTT

Immense Sums Must Be Spent For Cars and Engines---Talk of Big Improvements

St. Paul, Minn.—Three billion dollars must be spent by the railroads of the United States "within the next few years," to provide first class passenger and freight facilities, is the declaration made by Howard Elliott, president of the Northern Pacific railroad, who came from New York for conference with railroad officials.

"Difficult and serious as is the plight of the railroads, and of the owners of $20,000,000,000 of railroad property, it is not more serious than the condition facing the country," said Mr. Elliott.

Transportation facilities must be made available not only for the present volume of business but for the increases that a progressive nation like the United States needs each year.

Since the government took control, only 100,000 new freight cars have been bought, so that at the end of 1919 there probably are not more than 3,400,000 freight cars in the country—slightly more than in 1915. It is not too much to say that probably $3,000,000,000 should be spent for cars, engines and shop facilities by American railroads within the next few years, if the country's transportation needs are to be met."

Mr. Elliott left for Chicago yesterday. He did not make any announcement regarding reports circulated in railroad quarters here, that the leading roads of the country were planning to make important statements egarding broadened passenger service when private ownership is restored. There have been reports that the schedules to the Pacific coast, via various routes, are to be shortened and that trains de luxe and extra fare trains will be put into service.

BIRMINGHAM WINS TWELVE-OARED RACE

San Diego.—Fifteen thousand spectators, massed on wharves and on every available vantage point on the upper decks of nearly a score of warships, saw the 12-oared racing cutter of the scout cruiser Birmingham decisively defeat the cutter representing the scout cruiser Salem on San Diego bay January 1.

More than $14,000 changed hands as a result of the race, termed by naval officers the most spectacular and exciting event of its kind that has occurred among vessels of the Pacific fleet in years. The winning crew will get 10 per cent of the total amount wagered in addition to $2000 which they won from their rivals.

The race was rowed in the remarkable fast time of 11 minutes and 45 seconds. The Birmingham crossed the line ten lengths ahead of the Salem, the latter's crew tiring rapidly near the close of the one and one-half-mile race. A perfect bedlam broke loose when the boats were sent away at 1:19 o'clock. Sirens and steam whistles from more than fifty warships for a time drowned out the shouts of the thousands of spectators.

Captain Henry Mustin, commander of the aircraft tender Aroostook, was starter and judge of the course. Thirty naval launches were employed in keeping the course free of bay craft. The Birmingham, immediately after the race, issued a challenge to the race boat crew of the battleship Arkansas, winner of the Battenberg cup.

WOOL GROWERS FAVOR UNMERGING OF MEAT PACKERS

Boise, Idaho.—Idaho wool growers have given approval to the action of Attorney General A. Mitchell Palmer in the direction of a divorce of meat packers from other industries and lines of business. Other resolutions adopted favor 10-year grazing permits on public lands; federal arbitration of wage and labor disputes; segregation of horses and cattle on grazing areas.

32-YEAR-OLD HEN MOTHERS BROOD AND THEN DIES

Danielson, Conn.—The death of Eusatia Pallidani, aged 32, a Spanish black hen, said to have been the oldest hen in the United States, is announced by the owner, James Blanchard of Dayville. In her youth Eusatia was a prize-winning, pedigreed beauty. When 15 years old, her black plumage became white. She mothered a brood last spring and laid eggs in the fall.

PRESIDENT SIGNS MEASURE CONTINUING SUGAR BOARD

Washington.—President Wilson has signed the McNary bill continuing the United States sugar equalization board through 1920.

Secretary Tumulty in making the announcement, issued this statement:

"The President has signed the sugar control bill. The bill confers discretion on the President in the matter of purchasing sugar from Cuba. It is doubtful whether it will be practicable or wise for the President to exercise the power conferred so far as the purchase and distribution of sugar are concerned."

OPEN WARFARE ON BOLSHEVISM

Palmer Declares Red Menace to Be Shown No Quarter

Washington.—The year 1920 will be an "open season" for bolshevists, anarchists and kindred radicals, who are in this country with the idea of overthrowing the government. In a statement published Attorney General Palmer announced that the policy of the department of justice in dealing with the "red" menace during the coming year will be one of "unflinching, persistent and aggressive warfare." No quarter will be shown, he declared.

The attorney general declared that agents of the department had traced directly to this element 75 per cent of the unrest in this country. Acquaintance with the doctrines of the "reds," Palmer said, was the forcible method of ending their activities and he urged the American people in the interest of law and order, peace and happiness and the maintenance of national solidarity to study the full meaning of the radical idea and to counteract it through the teaching of Americanism in the press, the church, the school and labor organizations.

The bolshevist movement does not represent the radicalism of progress, Mr. Palmer declared, but introduces dictatorships by force and violence and is distinctly a criminal and dishonest scheme instead of a movement of liberty loving persons.

WIFE SEES HUSBAND RUN DOWN AND KILLED

San Francisco.—While his wife and party of terrified friends looked on, unable to aid him, John Malloy, 37 years old, of 2056 Union street was struck and almost instantly killed at the Great Highway and Judah street early Friday, January 2, by a taxicab. The taxi overturned, pinning beneath it the driver, Joseph F. Duggan, and six passengers, three of whom were slightly hurt.

The injured: James Brown, 1318 Larkin street, lacerations of the scalp; James Coughlin, 3433 Mason street, lacerations of both hands; Frank L. Glynn, 2435 Folsom street, lacerations of the right leg.

Christopher J. Lutz, a city fireman, who was with Malloy, was crossing the Great Highway when the accident occurred, was uninjured. He tried vainly to drag his friend from the path of the taxicab, which bore down upon them suddenly in the darkness while trying to avert a collision with another car.

The occupants of the taxi, who miraculously escaped unhurt, are: Dennis Byrnes, 275 Sanchez street; William A. Debert, 189 Madrid street, and John Galvin, 1336 Mason street.

Malloy and his wife were entertaining Mr. and Mrs. Lutz and a party of friends in their automobile and had driven to the beach. At Judah street, Malloy stopped his machine and accompanied by Lutz started to walk across the Great Highway.

Duggan at the wheel of a car owned by the United Taxicab Company, 209 Mason street, appeared at the same moment driving north on the Great Highway. At he approached Judah street, another auto with a car in tow suddenly started into the highway. Duggan swerved his car to avert the crash and in so doing drove directly toward Lutz and Malloy, who were taken unaware. Lutz grasped Malloy by the arm and tried to pull him aside, but he was struck and knocked violently to the roadway in full sight of his wife and friends.

The injured man was rushed to the Park Emergency Hospital, where he died of internal injuries shortly afterwards.

Those hurt when the taxicab overturned were also taken to the Emergency Hospital for treatment.

Duggan, who lives at 2406 Harrison street, was arrested on a manslaughter charge.

Difficult.

A certain judge, after passing sentence, always gave advice to prisoners. Having before him a man found guilty of stealing, he started thus:

"If you want to succeed in this world you must keep straight. Now, do you understand?"

"Well, not quite," said the prisoner; "but if your lordship will tell me how a man is to keep straight when he is trying to make both ends meet, I might."—London Tit-Bits.

Strike and the world strikes with you; work and you work alone.—Greenville, S. C., Piedmont.

Sad Thought.

"I'm in doubt about the wisdom of arresting the food profiteers."

"Why?" I should think you'd want them punished."

CHALDIAN DESCRIBES HIS PEOPIE'S TRAITS

They Are Wanderers Without Laws or Churches, but Deeply Religious

San Francisco.—On the magic carpet of Bagdad with a Chaldean as their guide, the members of the Commonwealth Club, at their luncheon January 2, were transported to the Garden of Eden. For an hour they listened while Rafael Emanuel, who says he is a direct descendent of Abraham, described the customs of his people, how they wander from place to place in Mesopotamia, tending their flocks and herds, worshiping God as did the children of Israel.

"My country, a part of Turkey-in-Asia," he said, "is a land of which you may read much in the Bible, but of which you know so little. The people wander about, living in tents. Only in the rainy season do they dwell in windowless houses. The tribes are diminishing, due to undernourishment. Meals are meager and far between.

"The people are very religious, though there are no churches and there is no Sabbath. We speak of Noah and Abraham as you do of Washington and Lincoln. We have no literature, no history, no schools, no science, no industry, no household conveniences nor furniture. There are no railroads, factories, mines nor mills. Travel is on foot or with horses, mules or camels. Three baths a lifetime are enjoyed—at birth, at marriage and at death. But we frequently go swimming.

"Chaldeans don't know how old they are. They go by heights and looks, not by years. When a boy begins to grow a beard he is old enough to marry. Parents select the mates for their children and no more mistakes are made than in the American way. There is no divorce, except when the wife is unfaithful. If a couple do not agree, they fight.

"We are decreasing in number, partly due to the ravages of the war and because no new blood has been introduced. We are the original Semetic race, untainted by outside blood. We have no postoffice and write no letters. If a man can read the Bible and recite a few passages from it he is super-educated. There are no records, no lawyers nor judges. It's an eye for an eye and a tooth for a tooth.

"The land, which is irrigated, is rich, and provides especially good crops of grain and apples. You cannot blame Mother Eve for sampling the apples grown in our home land, the Garden of Eden. We have no whisky nor beer, only native wine. Meat is eaten only once or twice a month, owing to its scarcity. Some have never tasted it. We believe in the story of Adam and Eve, not in evolution.

"There is no calendar and no clocks. We retire when we are weary; we get up when we feel like it; we eat when we are hungry and can get food. There is no commerce nor money, only a little gold to pay the head tax to the Turkish government. Everything is home-made. There are no stores nor shops. Peddlers wander about the country bartering their wares for measures of grain. We have no form of government. We don't know what year it is. Distance is measured by 'smokes' of a pipe.

"Our greatest need, is physicians. The only doctors in Mesopotamia are those at the missions in the large centers. Doctors are considered next to God. Instead of doctors we have high priests, magicians and sorcerers.

"English, French, American and Germans mean the same thing to us, though some of my countrymen have heard there is a ladder running from America up into heaven with angels walking up and down."

GIRL WEDS SMALLPOX PATIENT; NURSES HIM

Aberdeen, Wash.—That cupid will brave even smallpox was proved in the case of Ruby Lambert and Assistant Postmaster Stanley Claflin of Elma January 1. The then bridegroom-to-be was taken with smallpox and the bride-elect, declaring she would not postpone the wedding, went to his home. She stood outside the closed window and he inside while the minister, with voice upraised, so as to penetrate the glass, tied the knot. This expedient was only for the minister's protection. As soon as the knot was tied, the bride paid the parson and then went inside to nurse her new husband.

Fresno.—Lewis Lieberman, formerly of Los Angeles, was arrested here on a Presidential warrant charging him with being a member of the I. W. W. He was taken to Los Angeles. Lieberman said he was a member of the I. W. W., the Communist party and the Workmen's Circle. His wife, who accompanied him back to Los Angeles, told the officers that she is also a member of the I. W. W.

Pasadena.—James F. Armour, a realty dealer, January 2 shot and killed his 14-year-old son, James Cochrane Armour, while the latter lay in bed on a sleeping porch at the Armour home in one of the best residence districts here. Then the father shot and killed himself. Armour left a note telling of his intention to "go, and take the boy along," and directing that he be given a very simple funeral. Investigation by the police verified that the case was one of murder and suicide, they said.

LIQUOR CARGO FOUND IN SUTRO TUNNEL

Huge Distilling Plant Discovered by Revenue Men in Raid

San Francisco.—Fifteen hogsheads of brandy and twenty barrels of whisky were found by internal revenue agents January 2 in the old Sutro tunnel built to drain the silver mines under Virginia City.

They were seized by agents of Collector Justus S. Wardell in a raid that uncovered a moonshine plant in the famous old tunnel that was producing several barrels of whisky and brandy a day. Several large stills of more than 100 gallons capacity each were seized and ten men engaged in their operation were arrested.

Revenue agents are said to be actively searching the mountains of Nevada for other stills. A squad is also reported to be making a minute survey of the hills of Marin county and the wastes near Redwood peak in Alameda county, where it is thought probable that other moonshine activities may be disclosed.

SHOT FROM CHRISTMAS GIFT KILLS MOTHER

Muskegon, Mich.—William Noble, 14 years old, son of Mr. and Mrs. Wellington Noble of Holton, near here, shot and killed his mother early Friday morning, January 2, when he fired a rifle which she had given him as a Christmas present, at a barn in the rear of the Noble dwelling house. Mrs. Noble was coming out of the building and the bullet struck her. She was taken to a hospital at Fremont, where medical aid was unable to save her life. Mrs. Noble is survived by her husband and six children, all under 17 years of age.

Los Angeles.—Robert Perry, motorcycle rider of Chicago, died her January 2 from injuries received in qualification trials at Ascot Speedway for a 100-mile race Sunday, January 4. Perry was riding at a speed estimated at between 60 and 75 miles an hour when he spilled on the grandstand turn and skidded for nearly 100 feet along the track. He suffered a basal fracture of the skull and other injuries. Ten riders qualified for the race, none requiring more than 47 seconds in a mile, and one making the distance in 43 3-5 seconds. Six others were expected to qualify Saturday.

CALIFORNIA MINIMUM WAGE FOR SKY PILOTS TO BE $1200

New York.—Rev. J. W. Van Cleve of Chicago, chairman of the finance commission of the Methodist Episcopal church, says that the movement to provide clergymen with higher salaries already had borne fruit. Eight conferences have agreed to pay a cash minimum of $1500 a year, he said. They are: Des Moines, Detroit, Illinois, Nebraska, Northeast Ohio, Northwest Iowa, Rock River, Upper Iowa.

The conferences of Central Illinois, Dakota, North Dakota, and Northwest Nebraska will pay $1400, and Southern Illinois $1300.

The following conferences have placed the minimum at $1200: California, California German, Central German, Central Swedish, Colorado, Columbia River, Erie, Genesse, Idaho, Indiana, Iowa, Minnesota, Montana, Northern Minnesota, North Montana, Ohio, Oklahoma, Puget Sound, Southern California, West Ohio, West Wisconsin and Wyoming State.

In addition to the minimum cash salary virtually all the pastors have parsonages supplied rent free.

Grass Valley.—With only six or eight of the original members surviving and half of them confined to their homes with infirmities of age, the Grass Valley Pioneer Club failed to hold its annual meeting January 1—the first time since its organization more than a third of a century ago. During the last year, J. C. Conway, the president, and Frank X. Dulmaine, secretary, succumbed. Among the few surviving members are Peter Johnson, Thomas Othet, Patrick Mulcahy, Philip Morsehead, W. J. Woods and John R. Carter. The membership of the club was mostly restricted to men coming here not later than 1860.

Santa Cruz.—The whaler Hercules December 31 had an exciting chase when two California grayback whales, a cow and calf, were spotted in the bay. They were of the same species as those seen by the aviation patrol near San Diego, the first seen there in twenty-five years. The mother was about sixty feet long.

San Diego.—John F. Schwartz, who had been treasurer of San Diego county twenty-one years, died at his home here January 2. In recent years he had been elected to office year after year, practically without opposition. He was 59 years old.

A Weighty Subject.

They had been discussing art, and the young man was getting slightly tired of the subject.

"I remember one picture that brought tears to my eyes, however," he continued.

"Ah, it was some pathetic subject," murmured the damsel, who took herself seriously.

"As a matter of fact, I don't know what the subject was, but I happened to be sitting under a pretty heavy picture when the cord broke and it came down on my head."—Pittsburg Chronicle Telegraph.

NINETEEN "REDS" HELD IN OAKLAND RAID

Chinese "Red" Suspect Arrested; Babe Goes to Jail with Mother

San Francisco.—Nineteen men and women, charged with violation of the immigration laws and criminal syndicalism, were arrested in raids conducted Friday night, January 2, in Oakland, Alameda and Berkeley by agents of the Department of Justice. Warrants are out for seven more.

Louis Yap, said to be the only Chinese "red" in the United States, was arrested at 1011 Washington street, during the raid. He is said to be one of the best known Chinese in Oakland, and has close connections with several strong tongs.

17 Others Arrested

Others arrested are: Walter Martin Richard Beil, 1114 Kirkham street, German; M. A. Deyschman, 586 Sixth street, German; Mrs. Rose Bronstein, 745 Twenty-sixth street, Russian; Tony J. Lendich, 1739 Eleventh street, Austrian; Ferdinand Kleinschmidt, 2351 Eighty-third avenue, German; Willy F. Baumann, 2351 Sixteenth street, German; Jacob Hullen, Twelfth and Clay streets, German; Paul Merboth, 4326 Hopkins street, German; John Petersen, 2830 Magee street, Berkeley, Norwegian; Bernard W. Kloss, 1272 Hopkins street, German; Paul Hoffman, 2716 Fruitvale avenue, German; Mrs. Paul Hoffman; Richard Weber, 1655 Sixteenth avenue, German; Ellen Louise Weber; Sebastian Robenano, Leona Quarry, Russian; Paul Eggeroff, 1007 Twenty-second street, Russian; Felix Samolisky, 738 Central avenue, Alameda, Russian; Arthur B. Crowe, 552 Fifty-eighth street, English.

Infant Goes to Jail

Hoffman and his wife have five children, the oldest 11. Four of the children were cared for by a neighbor and the infant went to jail with the mother, until Mrs. Hoffman was released on her own recognizance.

Weber, a conductor on the Alameda line of the Oakland Traction Company, and Samolisky, a motorman on the Fruitvale line, were arrested on their cars, relief men going with the Federal officers.

Cliff Durant, Oakland millionaire aviator, was one of the officers making arrests, and brought in one "red" in his machine, according to Oakland police officials.

The raids were under the supervision of E. M. Blanford, special agent of the Department of Justice, assisted by Special Agent F. W. Kelly and six agents of the Department assisted by Oakland policemen and Alameda deputy sheriffs.

FORMER INMATE OF INSANE ASYLUM HANGED AT PRISON

San Quentin.—Lafayette Newell, 36, slayer of Mrs. Mary Reeves at Somerset, El Dorado county, October 3, 1919, was hanged for the crime at 10:16 A. M. here January 2. He was pronounced dead at 10:27. Newell collapsed twice on the gallows.

Newell's trial took but twenty minutes. He pleaded guilty and said he was ready to take his medicine, despite the efforts of his brother, Charles Newell, to have him adjudged insane.

Newell was a farm hand employed by Reeves. He shot Mrs. Reeves, the mother of two small children, because she resisted his advances. Sentence was pronounced October 20. The slayer was at one time an inmate of the State Hospital at Napa.

215 MILES IN EIGHTY-THREE MINUTES IS FLYER'S MARK

Washington.—All American records for a non-stop flight of more than 200 miles are believed by Postoffice Department officials to have been broken January 2 by James H. Knight, an air mail pilot, who flew with a load of mail from Cleveland to Bellefonte, Pa., a distance of 215 miles, in 83 minutes. The flight was made at an average of 156 miles an hour and was seven minutes better than a similar trip made by Knight last September. The start from Cleveland was made in a raging snowstorm.

MAN IS FROZEN TO DEATH IN EAST ON WAY TO WORK

Chicago.—With the thermometer registering five below zero at 6 o'clock Friday morning, January 2, an unidentified man was found frozen to death in the snow.

He apparently was walking to work, as a full dinner pail was found at his side.

British Ambassador Dead

London.—Sir Frank Cavendish Lascelles, British ambassador to Germany from 1895 to 1908, died here January 2. He had been minister to Rumania in 1886 and to Persia in 1891 and ambassador to Russia in 1894. He was born March 23, 1841.

Attempt to Succor Starving Family.

North Sydney, N. S.—The Canadian government steamer Montcalm started early January 2 on another attempt to reach Belle Isle with supplies for the lightkeepers there, who are facing starvation.

Former San Francisco Teacher Dies

Cutting.
"How did you get on?"
The sweet young maiden breathed the words into her lover's manly ear as she met him at the passage.
He had been "seeing father" and she wanted to know the result.
"Oh, your father is heartless!" said the young man, indignantly. "I—I told him I could not live without you, and—"
"Yes, yes!" impatiently said the girl. "What did he say?"
"He merely offered to pay my funeral expenses."

Garfield Tea, by purifying the blood, eradicates rheumatism, dyspepsia and many chronic ailments.—Adv.

GIVE CLOVER YIELD GOOD CARE IN FALL
Desirable That Stands Have Every Chance to Come Through.
In Many Sections Application of Lime Will Benefit Crop—Farmers Will Find It Profitable to Make Best Preparation.
(Prepared by the United States Department of Agriculture.)
Both red and alsike clover seed were harvested and largely threshed early in October. The fields seeded this spring are the ones from which clover hay and clover seed will be taken next year, and in view of the fact that clover seed is scarce and high priced it is desirable that the stands this fall be given every possible chance to come through the winter in good shape, say specialists in the states relations service. A light top dressing with manure, where this can be done, will be helpful, and will be best applied after freezing weather sets in. The young plants should not be pastured too close, nor should they be allowed to bloom and make seed. If the plants come

Knee High in Clover.

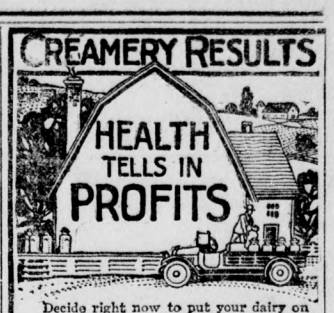
into bloom, they should be clipped early. A height of four to six inches, just before going into the winter, is the most favorable condition.
The preparation of the land on which red clover is to be seeded next spring should be considered this fall. In most parts of Iowa and Illinois, the application of lime will benefit red clover. On some lands it is absolutely essential for a good stand. Lime is best applied when the land is being prepared for wheat. An application of two tons of fine-ground limestone is commonly enough, although on badly run-down land or on land known to be very sour, three tons per acre may be applied with profit. Clover also needs phosphates, and 200 to 250 pounds per acre should be drilled in with the wheat. Both wheat and clover will benefit.
Red clover seed is likely to remain high-priced for a year or two at least, and farmers will find it profitable to devote all the care necessary to preparing their land so as to give the clover crop every possible chance.

NAME "BAYER" MEANS ASPIRIN IS GENUINE
"Bayer Cross" on Aspirin like "Sterling on Silver

"Bayer Tablets of Aspirin," marked with the safety "Bayer Cross," can be taken without fear because you are getting the true, world-famous Aspirin, prescribed by physicians for over 18 years.
Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions to safely relieve Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally.
Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

Visible at Last."
Strolling along the quays of New York harbor an Irishman came across the wooden barricade where immigrants suspected of suffering from contagious diseases are isolated.
"Phwat's this boarding for?" he inquired of a bystander.
"Oh," was the reply, "that's to keep out fever and things like that, you know."
"Indade," said Pat. "Oi've often heard of the Board of Health, but bejaggers, it's the first time Oi've seen it."—Tit-Bits.

Prediction Disproved.
He (after popping the question)—Why are you crying, dearest? Did I offend you by my proposal?
She—Oh, no, dear; it's not that. I am crying for pure joy. Mother has always told me that I was such an idiot that I wouldn't get even a donkey for a sweetheart and now I've got one after all.—Boston Transcript.



Decide right now to put your dairy on a profit basis. Go after 100% health in your milk cows.
You do not need a veterinary for most of the ailments common among dairy cows. Barrenness, Retained Afterbirth, Lost Appetite, Scouring, Bunches, Abortion, etc., are nearly always a direct result of impaired organs of digestion and reproduction.
You can successfully treat and eliminate these diseases yourself with the aid of Kow-Kure. This well-known cow medicine acts directly on the affected organs and promptly restores a normal condition. Take one of your backward cows and put it to the test.

STOP! CALOMEL IS QUICKSILVER
It's mercury! Attacks the bones, salivates and makes you sick.
There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.
It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and cannot salivate.
Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.
Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.—Adv.

The Real Objection.
"When you were on your ocean trip did you miss any of your means."
"No, I didn't miss 'em. What I objected to was that I ever met 'em."—Baltimore American.

Chronic constipation is as dangerous as disagreeable. Garfield Tea cures it.—Adv.

Adaptability.
"Have you ever thought of organizing in this prison an emergency corps from the pickpockets?"
"No, but why especially of them?"
"Because they are a class notoriously good at a pinch."—Baltimore American.

Laugh When People Step On Your Feet
Try this yourself then pass it along to others. It works!
Ouch ! ?! ? ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.
He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.—Adv.

Defendants. } SUMMONS

Action brought in the Superior Court of the State of California, in and for the County of Santa Clara, and the complaint filed in the office of the Clerk of said Santa Clara County.

The people of the State of California send greeting to William E. Ross; Jacob H. Ring, as administrator of the estate of Mary L. Brown, deceased; J. H Ring, as administrator of the estate of Sarah L. Corbett, deceased; Amos O. Williams, as administrator of the estate of Lewis C. Ross, sometimes known as Louis C. Ross, deceased; Amos O. Williams, as administrator of the estate of James H. Ross, deceased; W. J. Clinch, as administrator of the estate of Mary Kingdon, also known as Mrs. Samuel Kingdon, deceased; also all other persons unknown, claiming any right, title, estate lien, or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, Defendants:

You are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Santa Clara, within ten days after service on you of this summons, if served within this County, or within thirty days if served elsewhere.

The object of the above entitled action is to obtain a judgment and decree of said Court that the plainiff, J. M. Kingdon, is the owner in fee, of all that certain real property situate in the County of Santa Clara, State of California, described as follows, to-wit:

Beginning at a point in the center of the Casey Road on the easterly line of McGlincy Lane, at the southeast corner of that certain strip of land deeded by Daniel Ross to Osborne Wells by deed of April 13, 1881 and recorded in Book 59 of Deeds page 340, Records of Santa Clara County, California, and from which point of beginning a ½ inch iron pipe at the southwest corner of the original Benjamin Casey tract bears N 89° 47' W 20 feet and running thence along the easterly side of aforesaid strip deeded by Ross to Wells, N 0° 15' W 10.258 chains to a point at the southwest corner of that certain parcel of land deeded by Osborne Wells to Daniel Ross by deed of April 13, 1881, and recorded in Book 59 of Deeds page 342 Records of Santa Clara County, California, from which point a steel rail set at the northwest corner of that certain tract of land deeded by Benjamin Casey to Daniel Ross by deed of Sept. 7, 1870, and recorded in Book 19 of Deeds, page 84, Records of Santa Clara County, California bears N 89° 45' W 20 feet; thence continuing along the westerly side of said land deeded by Wells to Ross N 0° 15' W 0.667 chains to a ½-inch iron bar; thence S 89° 45' E 5.941 chains to a 2x3-inch stake set in a fence corner; thence S 0° 50' W 0.667 chains to a steel rail set in a fence corner; thence S 89° 45' E 0.990 chains to a stake at the northwest corner of that certain strip of land deeded by Dantel Ross to Tamer I. Bohnett by deed of April 6, 1891, and recorded in Book 134 of Deeds page 566, Records of Santa Clara County, California, thence along the east and south lines of said strip deededby Ross to Bohnett S 0° 02' E 0.544 chains and S 89° 45' E 16.00 chains to a point in the easterly line of that certain tract of land deeded by Lewis C. Casey to Daniel Ross by deed of Sept. 27, 1873 and recorded in Book 30 of Deeds, page 391, Records of Santa Clara County, California, from which point a steel rail set at the northwest corner of said tract deeded by Lewis C. Casey to Ross bears N 0° 02' W 40 feet; thence along the easterly line of said tract S 0° 02' E 9.697 chains to an iron bar in the center of the Casey Road; thence along the center of the Casey Road N 89° 47' W 2.551 chains to an iron bar at the ¼ corner to Sec. 35, T. 7S. R. 1W. and Sec. 2, T. 8S, R. 1W, being the common corner of the original Benjamin Casey and LewisCCasey tracts; thence continuing along the center line of the Casey Road N 89° 47' W 19.628 chains to the place of beginning, containing 22.229 acres and being a part of Sec. 35, T. 7S. R. 1W, M. D. B. & M., surveyed Sept. 10, 1919, by W. B. McMillan of McMillan & McMillan, San Jose, California.

And also to obtain the further judgment and decree of said Court that all the adverse claims made by you, or either of you, are wholly without merit and absolutely void; that plaintiff is the owner in fee of said property; and that you, and each of you, be forever barred and restrained from claiming any or asserting any claims of any nature relating to said property, or any part thereof, adverse to the plaintiff; and for all costs herein expended.

And you are hereby notified that unless you so appear and answer as above required, the said plaintiff will apply to the Court for the relief demanded in said Complaint.

GIVEN under my hand and seal of the Superior Court of the State of California, in and for the County of Santa Clara, this 23rd day of September, A.D. 1919.

HOW MANY of your New Year resolutions have gone "plooie?" Maybe you didn't make any, or maybe you made some that are really worth while, which are the only ones that really count and are worth striving to keep. One good one, well kept, beats a dozen half kept.

USE GAS. Why not burn gas? Yes, it sounds good, and the more you say it the better it sounds. Some of our townspeople are again talking gas, and let us hope it may develope into something more than hot air.

LEAKING FIRE hydrants are noticeable at several street corners These leaks are caused by boys tampering with the shut-offs and not being able to completely cloge them. This should not be, and any citizen noticing boys playing about the hydrants should warn them of the harm they might cause. There is also the legal side of the question, which may be applied in cases of persistent tampering.

IT IS ALL TOO COMMON to hear how well and completely our government does things, as compared with other countries. That day is almost past when we can say it concerning prosecutions. For instance, all we have heard so far is of investigations and investigations of investigators, etc., on the profiteering program. In England during the month of December, there were 871 prosecutions on profiteering charges, with 861 convictions. Such facts are astounding to us. who can hardly hope for 1 conviction, if such a case ever came to trial.

"Thrift Week" Against "H. C. L."

An eight-round, no-decision bout will be staged January 17-25 inclusive, between the heavy-weight champion, "H. C. L.," and a new white hope, yclept "Thrift Week." The contest will be held in the big arena bounded by the Atlantic and Pacific oceans, Canada and Mexico. It will be at catch weights, and friends of the contender for the title are confident that H. C. L. is facing one of the hardest battles of his career.

The match will be staged under the management of the Y. M. C. A. Interested promotors are: Labor Organizations, Business Associations, Civic Clubs and Home Owners. Old General Public will referee the bout. King-side seats are available wherever the red triangle sign appears. Ask the "Y" secretary.

The rounds, each of which will be held on a separate day of the week, have been named as follows:

National Thrift Day or Bank Day, Saturday, January 17, Benjamin Franklin's birthday, Share With Others Day, National Life Insurance Day, Own Your Own Home Day, Make a Will Day, Thrift In Industry Day, Family Budget Day and Pay Your Bills Promptly Day.

On every day of this program some special phase of the following financial creed will be emphasized:

Work and earn. Make a budget. Keep a record of expenditures. Have a bank account. Carry life insurance. Make a will. Own your own home. Pay your bills promptly. Invest in government securities. Share with others.

W. C. T. U. Notes

Miss Christine Tinling, of Norfolk, Virginia, a national W. C. T. U. worker, on her way to China, where she goes to speak on Scientific Temperance, reached San Francisco, Saturday, January 3. Miss Tinling has just returned from Great Britain, where she went in April to attend the national convention of the Scottish W. C. T. U. and the British Women's Temperance Association.

Miss Tinling says that the Scottish local option law goes into effect in August this year, and that the Scottish people then expect to begin a campaign for prohibition

Miss Tinling says that everywhere Americans and the American flag were treated with the greatest consideration; and that while many cannot realize that prohibition in the United States is "not an experiment, but an experience," they show a great readiness to listen and to learn, or as one old Scotchman expressed it, "to scrap their old ideas and take to new ones."

Miss Tinling spoke of the plans being made for the World's Convention of the W. C. T. U. which is to be held in London, April 18-23 of this year.

Theodore Cutting is having an extended vacation as the Los Gatos schools where he teaches have not reopened, owing to an epidemic of measles.

L. T. Lenox, cashier of the Growers National Bank, has purchased two lots of S. G. Redeck on North First street, south of J. C. Ainsley's and will build a home there.

The Johnson Avenue Improvement Club will hold a social and business meeting at the home of Mr. and Mrs. F. E. Duncan Tuesday evening. Plans will be presented for further improving and beautifying the avenue and community, and every member is urged to be present with suggestions.

Mrs. Ida Thomas moved Wednesday to her new home in San Jose. Campbell will not seem natural without her familiar presence, but her many friends and acquaintances hope that she will do as she said recently, "Now I go to San Jose during the day and sleep in Campbell, but when I move I'll sleep in San Jose and spend the daytime in Campbell."

Fire at High School

Fire call was sounded Wednesday morning, when a blaze was discovered at the High school. The firemen made record time in arriving on the scene, only to be told that it was "all over," The fire was first noticed by one of the students, who saw a burning shingle fall to the ground, and giving the alarm dashed out to find a fair blaze on the roof. The cadets made quick work of the job with ladder, chemical and wet sacks. With the high wind blowing, a few minutes more would have caused considerable damage, if not the loss of the building.

The blaze was caused by sparks from the furnace chimney setting fire to the shingles. A 5-dollar bill will patch the roof.

Annual Church Meeting

The annual meeting of the Congregational church was held Wednesday evening. Dinner was served at 6:30, after which the business meeting was held in the auditorium of the church. The following officers elected for the ensuing year are:

Deacon, G. N. Stray; Trustee, John F. Duncan; Clerk, Mrs. L. F. Shaw; Treasurer, R. G. Archibald; Deaconess, Mrs. W. T. Alexander; Music committee, Mrs. W. I. Merrill, M. A. Ross and W. H. Stray; Sunday school Superintendent, G. R. Merriman; Assistants recommended, Mrs. Chas. Burke and Miss Elizabeth Duncan; Nominating committee, Winfield Turner, Mrs. Ellen R. Smith and A. P. Merrill; Head usher, Stanley Smith.

Reports of the various officers and department heads show the church in a very satisfactory condition. The pastor's salary was voted increased.

E. E. Lanphear will sever his relations with the John Blaine store tomorrow and take up his position as teller of the new bank, entering upon his duties Monday.

Ernest Barron has sold his residence on South Second street to G. S. Hedegard, brother of S. N. Hedegard, of Santa Clara Road, and will move into the Voss house on Harrison avenue, where the J. C Ainsley family have been living while their house was in transit.

IS LARGEST OF INDUSTRIES

Statisticians Figure in Billions When They Make Computations of Live Stock Business.

The live stock industry is the largest and, in more than one sense, the most important industry in the United States. Its extent, measured by the value of live animals, amounts to more than $8,000,000,000. Its importance rests in the necessity for live stock to consume the products of farms and ranges, 80 per cent of which, according to census reports, is fed to live stock; in the maintenance of soil fertility, which cannot be kept up continuously and economically without a considerable number of animals as a part of the farm system; the indispensable place which animal food occupies in the American diet, of which it makes up 38 per cent, based on the average consumer's food-expense account; and finally, in the far-reaching influence which the growing, fattening and marketing of live stock has upon the social and economic welfare of all classes of people, including producers, distributors, and the meat-consuming public.

The slaughtering and meat packing business is the largest manufacturing industry in the United States, according to the United States census of manufacturers. The sales of live stock in the Chicago market alone totaled nearly $1,000,000,000 in 1918, or over $3,000,000 a day, and the daily sales at all of the centralized live stock markets of this country total close to $20,000,000.
